(707) 685-2450 | [jakenovelli11@gmail.com](mailto:jakenovelli11@gmail.com) | Vacaville, CA 95688  
[/david-jacob-novelli](https://david-jacob-novelli) | <https://dnovelli/jakesportfolio/> | [/dnovelli1](https://dnovelli1)

Highly motivated, creative, and ambitious Front-End Developer presenting the ability to collaborate best practices. Team oriented four year collegiate athlete with proper experience in achieving common goals. Recipient of a certificate by UC Berkeley Extension for Full Stack Web Development with proficiency in developing full-stack applications utilizing technologies such as HTML, CSS, Javascript, React and many more. Described by peers as a solution driven developer who is fast at picking up new tools and putting them into practice.

## TECHNICAL SKILLS

**Languages:** Javascript ES6+, CSS, HTML5, SQL, noSQL

**Applications:** Github, Gitbash, mySQL, MongoDB

**Tools:** React, Bootstrap, Node, Handlebars, jQuery, Express

## PROJECTS

**Cryptonite** | <https://github.com/cheng21tang/Cryptonite-a-cryptocurrency> | <http://cryptonite-env.eba-kvnfavpx.us-west-2.elasticbeanstalk.com/>

Cryptocurrency application utilizing the MERN stack and blockchain technology written in JavaScript. React is powering the front end views with Express routing backend to mongoDB.

- Collaborated with a team of 4 to write well organized, robust code with maintainability and scalability in mind using Agile methodologies.
- Evaluated new methods and technologies in order to display an advanced learning curve.
- Completed in under two weeks while working remote, communicating via Slack and Discord.
- Designed a superb user interface which contains data visualization through graphs and charts.
- Role: Front End Developer - tasked with developing and maintaining the profile page, sending coin page and home page.
- Tools: React, React Bootstrap, Javascript, API, CSS

**Sporcle But Better** | <https://github.com/dnovelli1/project2> | <https://radiant-chamber-32939.herokuapp.com/>

Continent quiz game with the ability to compare your scores to others.

- Worked closely with a team of 3 on Discord, Slack and Zoom to synchronize development of a full stack application.
- Fully designed and deployed in under a week displaying high level comfort in a fast paced environment.
- Collaboratively analyzed design requirements in order to make the project scalable, maintainable and more efficient.
- Role: Lead Back End Developer - Designed and maintained all server side routes, while also taking on Handlebars in order to display pages based from the back end.
- Tools: Handlebars, Node, mySQL, Javascript

**Expedition Appetite** | <https://github.com/dnovelli1/Project1> | <https://serenachandler.github.io/Project1/>

Travel application designed to help users find restaurants near their traveling destination.

- Developed alongside a team of 2 in order to design an efficient and elegant codebase based on requirements.
- Well documented adjustments to each line of code as well as descriptive commits to the repository.

- Overall team performance displayed by collaboratively overcoming all bugs through our solution driven mentality.
- Built strictly in front end development including HTML, CSS and Javascript (jQuery).
- Role: Front End Developer (Javascript) - designed all interactions with the Google and Yelp API based on the request the user desired.
- Tools: Javascript, Google API, Yelp API, HTML, CSS

## EXPERIENCE

### Public Safety Dispatcher City of Walnut Creek

**2020-2021**  
**Walnut Creek, CA**

Received emergency and non-emergency calls from citizens in need of police or fire assistance. Collaboratively coordinated response efforts while gathering as much information from callers as possible to ensure public safety.

- Consistently rated above average on daily reviews.
- Recognized by supervisors for the ability to keep calm in a high stress environment.

### Service Representative Labcorp

**Oct 2017- July 2020**  
**San Leandro, CA**

Travel to client's offices to retrieve specimens and process them for shipping to their destination. Build relationships with clients to ensure all needs are fulfilled.

- 100% client satisfaction all 3 years.
- Earned recognition and a raise in 2018 that is only awarded to one Service Representative each year for outstanding service and performance.

### Additional Summer Jobs while attending college

- Walmart Neighborhood Market | Warehouse Associate | Vacaville, CA May - August 2017
- Best Buy | Sales Representative | Vacaville, CA | May 2010 - August 2014

## EDUCATION

### Certificate, Full Stack Web Development - UC Berkeley Extension

Berkeley, CA

- A 24 week-intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node js, MySQL, Express Handlebars.js & React.js

### Bachelor of Science, Kinesiology - Jarvis Christian College

Hawkins, TX

- 4 year collegiate athlete and athletic scholarship recipient.
