[/david-jacob-novelli](#) | <https://dnovelli/jakesportfolio/> | [/dnovelli1](#)

Hardworking, honest, and self-driven Front-end Web Developer presenting the ability to collaborate best practices with excellent written and verbal communication skills. Team oriented four year collegiate athlete with proper experience in achieving common goals through workflows and determination. Recipient of a certificate by UC Berkeley Extension for Full Stack Web Development where over 200 classroom hours were spent developing full-stack applications utilizing technologies such as HTML, CSS, Javascript, Reactjs and many more. Described by peers as a solution driven developer who has an affinity for picking up new tools and putting them into practice through understanding of documentation under minimal supervision.

TECHNICAL SKILLS

Languages: Javascript ES6+, CSS, HTML5, SQL, noSQL

Applications: Github, Gitbash, mySQL, MongoDB

Tools: React, Bootstrap, Node.js, Handlebars, jQuery, Express

PROJECTS

Cryptonite | <https://github.com/cheng21tang/Cryptonite-a-cryptocurrency> | <http://cryptonite-env.eba-kvnfavpx.us-west-2.elasticbeanstalk.com/>

Cryptocurrency application utilizing the MERN stack and blockchain technology written in JavaScript. React is powering the front end views with Express routing backend to mongoDB.

- Collaborated with a team of 4 writing well organized, robust code with maintainability and scalability in mind using agile and lean methodologies through best practices.
- Evaluated new methods, technologies and frameworks in order to display an advanced learning curve and debug.
- Completed the product in under two weeks while working remote, communicating via Slack and Discord in English with daily scrum.
- Responsive design UI which contains data visualization through graphs and charts for the best customer experience.
- Role: Front End Developer - tasked with engineering and maintaining the profile page, sending coin page and home page.
- Tools: React, React Bootstrap, Javascript, APIs, CSS, JSON, HTML

Sporcle But Better | <https://github.com/dnovelli1/project2> | <https://radiant-chamber-32939.herokuapp.com/>

Continent quiz game with the ability to compare your scores to others.

- Worked closely with a team of 3 on Discord, Slack and Zoom to practice asynchronous programming of full stack web applications that meet the user needs.
- Completed design and development in under a week displaying high level comfort in a fast paced environment being deadline-driven with our decision making.
- Collaboratively analyzed design requirements in order to make the project scalable, maintainable and a more efficient UI for customer satisfaction.
- Role: Project Management/Sprint Planning and Lead Back End Engineer - Designed and maintained all server side routes, while also taking on Handlebars in order to display pages based from the back end.
- Tools: Handlebars, Node, mySQL, Javascript, HTML

Expedition Appetite | <https://github.com/dnovelli1/Project1> | <https://serenachandler.github.io/Project1/>

Travel application designed to help users find restaurants near their traveling destination.

- Developed alongside a team of 2 with a vision of an efficient and elegant codebase.
- Well documented adjustments to each line of code as well as descriptive commits to the repository.
- Operational analysis displayed by collaborating through our solution driven mentality.
- Built strictly in Front-end Web Development using JS frameworks such as jQuery.
- Role: Front-end Developer (Javascript) - designed all interactions with the Google and Yelp API based on the request the user desired.
- Tools: Javascript, Google API, Yelp API, HTML, CSS

EXPERIENCE

Public Safety Dispatcher City of Walnut Creek

**July 2020- March 2021
Walnut Creek, CA**

Received emergency and non-emergency calls from citizens in need of police or fire assistance.

Collaboratively coordinated response efforts while gathering as much information from callers as possible to ensure public safety.

- Consistently rated above average on daily reviews.
- Developed strong organizational skills.
- Recognized by supervisors for the ability to keep calm in a fast-paced and high stress environment.

Service Representative Labcorp

**Oct 2017- July 2020
San Leandro, CA**

Travel to client's offices to retrieve specimens and process them for shipping to their destination. Build relationships with clients to ensure all needs are fulfilled.

- 100% client satisfaction all 3 years.
- Earned recognition and a raise in 2018 that is only awarded to one Service Representative each year for outstanding service and performance.

Additional Summer Jobs while attending college

- Walmart Neighborhood Market | Warehouse Associate | Vacaville, CA May - August 2017
- Best Buy | Sales Representative | Vacaville, CA | May 2010 - August 2014
